2
3  {% block content %}
4  <div class="container">
5      <div class="col-xs-12 col-xl-8 offset-xl-2">
6          <div class="claim-response-content success">
7              <h3 class="claim-response-title">Claim was Successfully Processed!</h3>
8              {% if is_transaction_complete %}
9              <p>
10                  Transaction completed. Your claim was paired with the other user
11                  involved in the transaction. Your rating should be altered from
12                  their rating; likewise their overall rating has been altered by
13                  your rating.
14              </p>
15              {% else %}
16              <p>
17                  Your claim has been saved. No other user has submitted the opposite
18                  claim so your rating will not have affected the other user's rating.
19                  Both user's invovled in a transaction need to submit 2 different
20                  claims before ratigns are altered.
21              </p>
22              {% endif %}
